

## Subtraction is “Taking Away”

From five bananas we take away three.      There are two left.

$$5 - 3 = 2$$

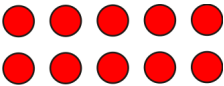

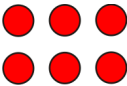

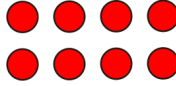

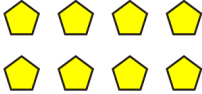

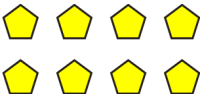

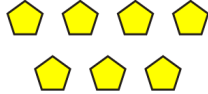

Five minus three equals two

From six carrots we take away one.      There are five left.

$$6 - 1 = 5$$

Six minus one equals five

1. Cross out the correct number. How many are left? Read each subtraction sentence aloud using the words “minus” and “equals”.

<p>10 total. Cross out 4. How many are left?</p>  <p>a. <math>10 - 4 = \underline{\hspace{2cm}}</math></p>	<p>6 total. Cross out 6. How many are left?</p>  <p>b. <math>6 - 6 = \underline{\hspace{2cm}}</math></p>	<p>8 total. Cross out 2. How many are left?</p>  <p>c. <math>8 - 2 = \underline{\hspace{2cm}}</math></p>
<p>8 total, cross out 7.</p>  <p>d. <math>8 - 7 = \underline{\hspace{2cm}}</math></p>	<p>8 total, cross out 6.</p>  <p>e. <math>8 - 6 = \underline{\hspace{2cm}}</math></p>	<p>7 total, cross out 3.</p>  <p>f. <math>7 - 3 = \underline{\hspace{2cm}}</math></p>
