

Multiplication table of 2

$1 \times 2 = \underline{\quad}$	$4 \times 2 = \underline{\quad}$	$7 \times 2 = \underline{\quad}$	$10 \times 2 = \underline{\quad}$
$2 \times 2 = \underline{\quad}$	$5 \times 2 = \underline{\quad}$	$8 \times 2 = \underline{\quad}$	$11 \times 2 = \underline{\quad}$
$3 \times 2 = \underline{\quad}$	$6 \times 2 = \underline{\quad}$	$9 \times 2 = \underline{\quad}$	$12 \times 2 = \underline{\quad}$

Drill. Don't write answers down. Go through the problems until you master them.

1. Count by twos.

0, 2, , , , , , , , , , ,

24, , , , , , , , , , , , , 0

3. Multiply - but only in your head.

6×2

7×2

2×3

2×7

2×8

9×2

2×2

2×11

2×4

3×2

4×2

8×2

2×9

2×6

2×5

2×1

12×2

2×12

8×2

10×2

4. Fill the missing factors.

$\square \times 2 = 14$

$\square \times 2 = 12$

$2 \times \square = 6$

$2 \times \square = 12$

$\square \times 2 = 18$

$\square \times 2 = 6$

$2 \times \square = 18$

$2 \times \square = 8$

$\square \times 2 = 8$

$\square \times 2 = 24$

$2 \times \square = 24$

$2 \times \square = 20$

$\square \times 2 = 16$

$\square \times 2 = 2$

$2 \times \square = 14$

$2 \times \square = 4$

$\square \times 2 = 22$

$\square \times 2 = 10$

$2 \times \square = 22$

$2 \times \square = 16$
