

5. Break the numbers down to their tens and ones and write as addition.

$73 = 20 + 3$

$45 = _ + _$

$98 = _ + _$

$50 = _ + _$

$66 = _ + _$

$72 = _ + _$

$47 = _ + _$

$12 = _ + _$

$91 = _ + _$

$80 = _ + _$

$64 = _ + _$

$29 = _ + _$

$70 = _ + _$

$88 = _ + _$

$77 = _ + _$

$55 = _ + _$

6. Do the same the other way around! Add.

$60 + 7 = _$

$4 + 50 = _$

$6 + 80 = _$

$90 + 9 = _$

$50 + 3 = _$

$50 + 6 = _$

$50 + 5 = _$

$5 + 70 = _$

$90 + 7 = _$

$8 + 80 = _$

$0 + 40 = _$

$80 + 2 = _$

$80 + 0 = _$

$9 + 50 = _$

$7 + 10 = _$

$1 + 60 = _$

7. For each underlined number, find the number that is exactly 1 ten and 1 more. Write that number down and encircle it. What pattern do you notice - where is that number on the chart in relation to the underlined number?

<u>10</u>	<u>11</u>							<u>18</u>	
			<u>43</u>						
						<u>56</u>		<u>59</u>	
				<u>64</u>					
			<u>82</u>		<u>85</u>				
							<u>97</u>
