

Errata for Math Mammoth Grade 7, Canadian version (2025 edition)

Grade 7-B Worktext

Chapter 10

Chapter 10 Mixed Review (p. 261)

#12. The question said: Draw a triangle with sides 7 cm, 3 cm, and 3.5 cm long.

This is an impossible triangle. It has been changed to:

Draw a triangle with sides 7 cm, 3 cm, and 5 cm long.

Grade 7-B Answer Key

Chapter 10

Chapter 10 Mixed Review

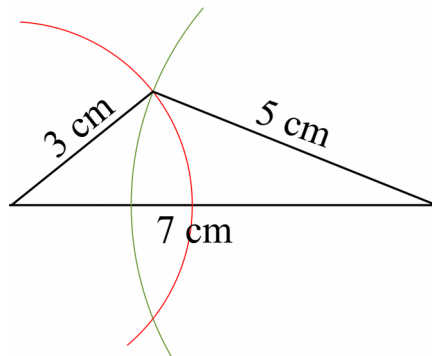

#12. The question had said: Draw a triangle with sides 7 cm, 3 cm, and 3.5 cm long.

This is an impossible triangle. It has been changed to:

Draw a triangle with sides 7 cm, 3 cm, and 5 cm long.

The answer key showed a triangle with side lengths of 3 in, 3 $\frac{1}{4}$ in, and 3 $\frac{3}{4}$ in.

The answer picture that matches the exercise as it is now is below (not to true scale).
