

Subtraction is “Taking Away”

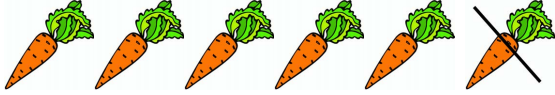

From five bananas we take away three. There are two left.

$$5 - 3 = 2$$

Five minus three equals two

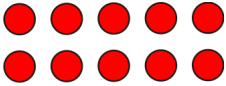

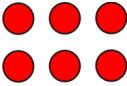

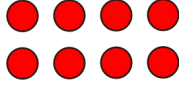

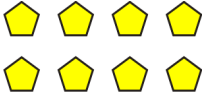

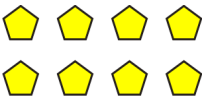

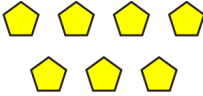

From six carrots we take away one. There are five left.

$$6 - 1 = 5$$

Six minus one equals five

1. Cross out the correct number. How many are left? Read each subtraction sentence aloud using the words “minus” and “equals”.

<p>10 total. Cross out 4. How many are left?</p>  <p>a. $10 - 4 = \underline{\quad\quad}$</p>	<p>6 total. Cross out 6. How many are left?</p>  <p>b. $6 - 6 = \underline{\quad\quad}$</p>	<p>8 total. Cross out 2. How many are left?</p>  <p>c. $8 - 2 = \underline{\quad\quad}$</p>
<p>8 total, cross out 7.</p>  <p>d. $8 - 7 = \underline{\quad\quad}$</p>	<p>8 total, cross out 6.</p>  <p>e. $8 - 6 = \underline{\quad\quad}$</p>	<p>7 total, cross out 3.</p>  <p>f. $7 - 3 = \underline{\quad\quad}$</p>
